One of the oldest buildings in Mostertsdrift renovated to a state of the art family home. An outstanding feature of this impressive home is the old historic yellowwood flooring sourced from Graaff Reinett that has been used in the lounge and study. Spacious entertainment areas, exceptional layout, and understated facilities make this home perfect for dual living. The property backs onto the Stellenbosch Laerskool with a direct access gate to the school. A community shopping center is a short walk away. Exceptional mountain views and close to the Jonkershoek mountain reserve hiking and Mountain bike routes. State of the art security and part of the Jonkershoek Special rating area (24h security patrol and response).
